

REMARKS

Applicants gratefully acknowledge the Notice of Allowability mailed December 7, 2004 in connection with the above-identified application, which indicates that compound or composition claims 1-2, 14 and 26 are allowed. Claim 15, however, was canceled in the Examiner's Amendment described at page 6 of the Detailed Action accompanying the Notice of Allowability. Claim 15 was a compound claim that due to Applicants' inadvertent error depended from canceled method claim 13. Applicants respectfully request that canceled claim 15 be added back to the above-identified application as new claim 27. Support for new claim 27 can be found in the specification, for example, at page 37, line 14, and in as-filed claim 15.

Applicants also enclose a Request to Correct Inventorship Under 37 C.F.R. § 1.48(b) to delete Andrew Salzman and Csaba Szabo as named inventors in the application.

Additionally, the title of the application has been amended to more accurately indicate the presently claimed subject matter.

No fees are believed to be due in connection with this Amendment. However, if any fees are due, please charge any payments to Wilmer Cutler Pickering Hale and Dorr LLP Deposit Account No. 08-0219.

Respectfully submitted,
